USE OF AUTOMATED EXTERNAL DEFIBRILLATOR (AED)

The Terrebonne Parish School Board directs that if funding is available, each high school shall have an Automated External Defibrillator (AED) on its premises. Each high school shall have the authority to accept donations of AEDs or funds to acquire AEDs.

In schools which have an AED on site, any expected AED user (those designated by the Superintendent or principal to render emergency care at that school) shall receive appropriate training in the use of AEDs from any nationally recognized course in cardiopulmonary resuscitation (CPR) and AED use. All training of personnel in the use of AEDs shall be fully documented.

The School Board shall notify a local provider of emergency medical services (such as a 9-1-1 service, local ambulance service, or fire department) of the acquisition, location, and type of any AED device.

In addition to the civil immunity provided to persons rendering emergency assistance as provided by law, any person or entity which provides training in CPR and in the use of an AED and any expected AED user shall not be liable for any civil damages arising from any act or omission of acts related to the operation of or failure to operate an AED that do not amount to willful or wanton misconduct or gross negligence.
